- Virtually invisible nasal prongs
- Lightweight comfortable fit

Benefits

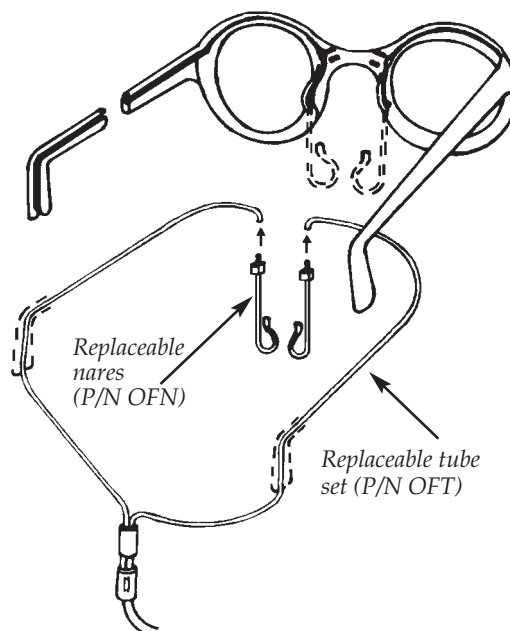

- Enhances patient self-esteem with color coordination
- Versatile selection appropriate to patient's needs
- Increases patient self confidence and compliance to treatment regimen
- Reduced risk to necrosis or skin irritation

Variety of uses. . . Nursing Homes, Home Care, Assisted Living

Oxy-Frame™ Cannula

A virtually invisible oxygen delivery system. By incorporating a special Salter nasal cannula within the eyeglass frames, it becomes inconspicuous. The lightweight, comfortable, attractive design encourages greater patient compliance. Risk of necrosis to ears and nose reduced. Available in a selection of frame colors for both men and women. Tinted, or prescription lens available from you local eye clinic.
